Subject: When preparedness meets opportunity

Dear Poppy,

When I attended your presentation in regards to your Kickstart program, I had an appreciation that your life changing program would have an enormous impact in my life. You offered the opportunity to gain an understanding of life's directions and its drivers and how they impact on your life, and I accepted this opportunity.

To my surprise the effect on my life in regards to career and in my personal life in fact, have changed to the point where I can say this growth is extra ordinary. At work my income has increased by 50%, I set three goals with my wonderful coach and mentor Diane Burton, two have been achieved and the third one is well on the way. I now set the agenda in my life and have a focus as never before.

I would highly recommend your program to any person that is not happy with their current situation in life or is looking to achieve results at a higher level.

Thank you very much for the wonderful opportunity.

Warm Regards
